

IMMUNIZATIONS

IMMUNIZATIONS:

According to the Centers for Disease Control and Prevention, college freshmen, particularly those who live in the dormitories, have a slightly increased risk of contracting some infectious diseases. Immunizations are not required (except for Nursing students) but are recommended by NCK Tech for all students. Immunizations include: Hepatitis-A virus, Hepatitis-B virus, Diphtheria, Measles, Mumps, Rubella and Meningococcal Disease (Meningitis). Immunization to prevent the contraction of tetanus is also recommended for all students. For more information contact the Dean of Student Services, (785) 738-9008.
