Students are accountable for their absences and responsible for providing instructors with advance notice of any absence.

Due to the diversity of programs offered and the various formats in which they are delivered, NCKTC allows each department to develop their own approved attendance policy which best suits their program. The attendance policy will be outlined in the course syllabus and is factored into the student's daily grade and/or final grade. Students are advised to meet with their instructor regarding the attendance policy for each class/program.

If a student's absences exceed the limits of the program's attendance policy, instructors may recommend a student be dismissed from the class or program. The final decision on the recommendation will then be made by administration. The decision will then be communicated to the student and the instructor.

### ***Scholastic Dishonesty:***

Membership in the NCKTC learning community imposes upon the student a variety of commitments, obligations and responsibilities. It is the policy of this college to impose sanctions on students who misrepresent their academic work. Appropriate classroom instructors or other designated persons will select these sanctions consistent with the seriousness of the violation and related considerations.

Examples of scholastic dishonesty include but are not limited to:

- A. Plagiarism: *i.e.*, taking someone else's intellectual work and presenting it as one's own. Each department sets standards of attribution. Faculty will include disciplinary or class-specific definitions in course syllabi.

- B. Cheating is unacceptable in any form. Examples include consultation of books, library materials, notes or electronic devices during tests without the instructor's permission; use of crib sheets or hidden notes; intentional observation of another student's test; receipt of a copy of an exam or questions or answers from an exam to be given or in progress; submission of falsified data; alteration of exams or other academic exercises; and collaboration on projects where collaboration is forbidden.
- C. Falsification, forgery or alteration of any documents pertaining to assignments and examinations.
- D. Students who participate in, or assist with, cheating or plagiarism will also be in violation of this policy.

Classroom instructors and/or administrators will assess sanctions for violations of this policy. The seriousness of the violation will dictate the severity of the sanction imposed. Academic sanctions may include but are not be limited to any of the following:

- a. verbal or written warning
- b. lowering of grade for an assignment
- c. lowering of term grade

Administrative sanctions may include but are not limited to either of the following:

- a. suspension from the College
- b. dismissal from the College

***Program Withdrawal:***

To withdraw from a Program, a student must complete a Voluntary Withdrawal Form in the Registrar's Office.

- A student who withdraws from a program during the first week of the semester will not have a notation on the transcript.
- Students withdrawing after the first week but before the published drop date will receive grades earned on all completed courses up to the date of withdrawal. All remaining courses for the semester will receive a grade of W on the transcript.
- After the published drop date, students will not be allowed to withdraw and will receive the final earned grade for their courses.

***General Education Withdrawal:***

To withdraw from a general education course, a student must complete a Course Withdrawal Form in the Registrar's Office.

- A student who withdraws from a general education course during the first week of the semester will not have a notation on the transcript.
- Students withdrawing after the first week and up to 60% of the semester will be given a grade of W for that course.
- After 60% of the semester is completed, students will not be allowed to withdraw.

***Administrative Withdrawal:***

A student may be administratively withdrawn from any or all courses by a College administrator when the following conditions exists:

- The student has reached five consecutive absences without contacting their instructor, Registrar, or an Administrator.
- Failure to respond to contact attempts by the College during the 5 consecutive absences.

Students who are administratively withdrawn will receive grades earned on all completed courses up to the date of the withdrawal. Courses in progress will receive the final grade earned. All remaining courses for the semester will receive a W on the transcript.

Students will be notified before being withdrawn. The notice will include information regarding their right to a due process hearing.

If students cannot be notified in person or by phone, students will be notified in writing. Students may have to wait a full semester before being re-admitted.

A student who is administratively withdrawn may appeal by filing a written appeal with the College President **within 5 business days of receipt of notification of being withdrawn**. The appeal must include reasons why the student failed to meet obligations outlined in this policy and what the student's plan of corrective action is.

The College President will decide within 5 business days; **this decision is final**.

Withdrawals are not effective until completed forms are on file in the Registrar's Office.

***Academic Appeals:***

Students who believe they have been treated unfairly regarding academic regulations or grading procedures have the right to an appeals process. The first step must be to address the issue with the instructor. If the student is not satisfied with the result, the student can appeal the decision in writing to the Dean of Instruction within 30 days of the event. A student who wishes to appeal the decision of the Dean of Instruction may do so by filing a written appeal to the Vice President of Student and Instructional Services within 10 business days of the decision. ***Academic Evaluation Criteria: (all students)***

The academic progress of the student is evaluated as follows:

Excellent .....	A
Good.....	B
Average .....	C
Unsatisfactory .....	D
Passing .....	P

Failing ..... F  
Incomplete..... I  
Withdraw..... W

**NOTE:** The grade of Incomplete will be utilized only when extenuating circumstances exist: justifying additional time for the student to establish a grade for the semester. If an Incomplete grade is given, the Incomplete must be changed to a letter grade within two weeks after the semester ends.

***Repeating a Course:***

If a student repeats a course for which they have already earned a final grade, the original grade for the course will remain on the student’s academic transcript with an “R” indicating the course was repeated. The last grade earned will be calculated in the student’s grade point average. The grade received when the course was originally taken will not be factored into the grade point average once the course has been repeated.

***Books:***

Books and supplies are available directly from the college and are distributed to students through their departments. Students can also purchase and bring their own books and supplies if they choose to. Book and supply lists are available on the College’s website and in the student portal, TechKNOW.

***Tools:***

Students enrolled in the following programs are required to purchase tools:

Agricultural Equipment Technology	Diesel Technology
Automated Controls Technology	Electrical Technology
Automotive Collision Technology	Plumbing, Heating & Air Conditioning

- Tools may be purchased through approved vendors. Questions regarding the use of tools other than those provided by approved vendors should be directed to the individual department.
- NCK Tech is not responsible for lost or stolen tools.

***Internship Guidelines:***

The Internship Program is a privilege that may be extended to certain students to further solidify their vocational experience.

Students are eligible for internship upon successful completion of the following requirements:

- A. Complete a Graduation Application and grade/degree audit with the Registrar’s Office at the beginning of their final semester to ensure all graduation requirements are met.
- B. Complete all required coursework according to individual program objectives. Students receiving a failing grade “F” in any coursework will be required to retake the course. Incomplete coursework “I” will not count towards graduation requirements.
- C. A minimum cumulative grade point average of 2.0.
- D. High school diploma, its equivalent, or a GED.

E. No outstanding bills owed to the College.

Final grades must be posted in all coursework prior to a student checking out on internship.

The maximum amount of time a student may devote to the Internship program is 15% of the program of study. The department chairperson must approve of the students participation and the training stations.

The fact that a student has a job is not grounds for letting the student leave for Internship. The primary consideration must be the readiness of the student to assume full-time trade responsibility.

- **March 25, 2019** is the first available date for *Diesel Technology, and Electrical Technology*.
- **April 8, 2019** is the first available date for *Automotive Technology*.

***Program Transfer:***

Students wishing to transfer to a different program may do so only within the first week (5 academic days) of the first semester.

***Intercampus Transfer:***

Students seeking transfer from one NCK Tech campus to another, between the first and second year of the same two-year program, must work through the Registrar to obtain approval of the program department chairs on both campuses. The department chairs will consider the availability of space and resources, as well as evidence of the student's ability to successfully complete the program.

Transfer from one NCK Tech campus to another, once the program has started or once the academic year is underway, will not be permitted under normal circumstances. In the event of extenuating circumstances, a student may submit a written request for intercampus transfer to the College President. The President will consider feasible options for the College and the student to mitigate the circumstances. Additionally, the decision may take into account input from any of the affected parties on both campuses considering the availability of space and resources, as well as evidence of the student's ability to successfully complete the program.

***Transfer Credit:***

A. All Credit Transfer

Transcription of credit from another institution by NCK Tech will require the student to:

1. Have an official transcript from the secondary or post-secondary institution on file with NCK Tech (Student-issued transcripts are not acceptable.);
2. Have a D or higher, or the equivalent of 1.0 on a 4.0 scale grade, in all classes being considered for transfer or award;

Note: Certain programs require a C or higher grade for credit to be awarded, please consult with the Department Chair to determine the requirements of each program. Approved departmental academic requirements supersede institutional academic requirements.

3. Only for courses approved for certificate/degree credit will be considered for credit at the awarding institution;

Note: A course description, course outline or course syllabus may be requested for each course the student wishes to be considered for acceptance by NCK Tech.

Credit for any articulated courses and/or transfer credit (high school and/or postsecondary coursework from another accredited institution) will appear on the student's NCK Tech transcript. Credits awarded from other institutions will be used to calculate the student's cumulative grade point average

B. General Education Courses

General education courses taken at regionally accredited colleges, universities or other recognized institutions may be submitted to the NCK Tech Registrar for evaluation and possible acceptance. The Registrar will consult with the Dean of Instructional Services to make the final determination of transferability. General education coursework must be at the 100 level or above. If a student has completed an associate or higher level degree from an accredited institution of higher education, prior to entering a program of study at NCK Tech, the general education courses will be accepted in total for the NCK Tech general education requirements. These courses must meet the general education requirements of NCK Tech's accrediting body.

C. Technical Education Courses

Technical education courses taken at another regionally accredited postsecondary or higher education institution may be submitted to the NCK Tech Registrar for evaluation and possible acceptance. The program instructor and Department Chair will make the determination of transferability with final approval by the Dean of Instructional Services.

Technical education coursework transferred will not exceed the number of credit hours required in the first semester of the freshman year. Technical education coursework eligible for transfer must have been completed within five years prior to enrollment. Evidence of relevant experience in the industry may be presented for coursework taken more than five years before a request for transfer of credit is made, or NCK Tech coursework taken more than five years before a request is made. This evidence will be evaluated by the Dean of Instructional Services and the appropriate Department Chair for transferability.

D. Articulated Credit:

Students may seek tuition reduction or award of credit received from a secondary institution that has in place a current articulation agreement with NCK Tech. Determination of tuition reduction or award of credit will be based on the terms and status of the articulation agreement. Any student seeking transfer of credit or award of articulated credit must meet the same admissions requirements as all NCK Tech students.

E. Transfer of NCK Tech Technical Education Credit Between Programs:

With approval from the program instructor and Dean of Instructional Services and upon completion of a written request for academic credit transfer, students may transfer program-specific courses in one program of study to other NCK Tech programs of study.

F. Transfer of Courses from NCK Tech:

Students wishing to transfer credit from NCK Tech to another higher education institution must request, in writing, a transcript be sent from the Registrar to the receiving higher education institution. The receiving institution will determine acceptance of NCK Tech coursework for transfer of credit. Written requests must be submitted to:

NCK Tech College  
Office of the Registrar  
3033 US Hwy 24, P.O. Box 507  
Beloit, Kansas 67420

***Credit for Prior Learning:***

Credit for Prior Learning, also referred to as Prior Learning Assessment (PLA), is intended to expedite adults' completion of post-secondary education programs by evaluating an individual's existing knowledge and competencies and awarding credit as appropriate.

- A. Credit for Prior Learning may be earned by documenting skills acquired through work and life experiences. These experiences could include military training programs, industry certifications, documented work experience or civic/volunteer experiences.
- B. CPL credit may be awarded based on evaluation by trained faculty of the college, ACE (American Council on Education) recommendations, CAEL (Council for Adult and Experiential Learning) recommendations, successful apprenticeships, 3<sup>rd</sup> party certifications, professional licensure, or assessing prior military credits. The method of evaluation will be determined following the review of transcripts and upon a written request of the applicant.
- C. CPL will only be awarded for students enrolled in a full time program at NCK Tech. NCK Tech may award no more than 50% of the total program hours for CPL.
- D. Written requests for CPL must be submitted to the Registrar at least 30 days prior to the beginning of the first semester of the program. Questions regarding CPL can be directed to the office of the Registrar.

***Accommodation Policy for Students with Disabilities***

NCK Tech is dedicated to providing equal access and opportunity to all campus programs and services for students with disabilities (both temporary and permanent) and is committed to providing reasonable accommodations in accordance with applicable state and federal laws.

The college acknowledges that traditional methods of instruction or delivery of programs and services are not always appropriate or sufficient to accommodate the limitations experienced by persons identified with disabilities. When a student's disability prevents him/her from fulfilling a course requirement through conventional procedures, consideration will be given to alternatives, keeping in mind that academic standards must be maintained and the safety of all persons considered.

**Student Responsibilities**

Students requesting accommodations are responsible for self-disclosing disability and registering for services, providing appropriate documentation, communicating with the Director of Learning Services as part of intake interview process to create an *Educational Accommodation Plan*, and notifying Instructors of approved accommodations, services and/or auxiliary aids.

Students are encouraged to make timely and appropriate disclosures and requests, at least two weeks in advance of a course, program, or activity for which an accommodation is requested (or as soon as realistically possible). Accommodations will be provided on a case-by-case basis determined by student request, documentation, intake interview, and assessment of individual needs and course requirements.

If at any time throughout the academic year, a student feels that the agreed upon accommodations are not being followed or that alternate accommodations need to be provided, the student should notify Student Accessibility Services (SAS). NCK Tech is committed to student success; however, we do not require students to use accommodations. The decision of when to utilize approved accommodations or services is up to the student. Integration, self-advocacy and individual responsibility are promoted and expected.

### **Grievance Procedure**

Any student who believes he or she has been subjected to discrimination on the basis of disability or has been denied access or accommodations, shall have the right to invoke the Grievance Procedure.

### **Confidentiality**

All information regarding a student's disability is confidential. All documentation will remain separate from academic records and will not be released to an individual or source external to NCK Tech without the student's written consent. In order to provide effective services, it may be necessary to communicate limited information on a need-to-know basis regarding disability-related needs to NCK Tech faculty and/or staff.

The Director of Learning Resources serves as coordinator of accommodations for students with disabilities at NCK Tech. Any student who requires accommodations or would like more information regarding services should contact the Director of Learning Resources at 1-785-738-9020 or by mail at NCK Tech Resource Center, Attn: Director of Learning Resources, PO Box 507, 3033 US Hwy 24, Beloit, KS 67420.

Students are eligible for graduation upon successful completion of the following requirements:

- A. Complete a Graduation Application and grade/degree audit with the Registrar's Office at the beginning of their final semester to ensure all graduation requirements are met.
- B. Complete all required coursework according to individual program objectives. Students receiving a failing grade "F" in any coursework will be required to retake the course. Incomplete coursework "I" will not count towards graduation requirements.
- C. A minimum cumulative grade point average of 2.0.
- D. High school diploma, its equivalent, or a GED.
- E. No outstanding bills owed to the College.

### ***Eligibility for Participation in Graduation:***

To be eligible to participate in NCKTC's graduation ceremony, the student must meet all graduation requirements. An exception may be granted if a student is within 6 credit hours of

### ***Refund Policy:***

NCK Tech Institutional Refund Policy states “students who withdraw from a program of study must submit written proof of cancellation to the Registrar’s Office.” The Student Account Specialist will then perform the refund calculation based on days completed for the period of enrollment for which the student is charged. Students that drop a program of study within the first 5 days will not be charged for tuition and fees. The college will refund as follows:

Time Completed	Refund (% of Tuition)
0%-10%	90%
11%-25%	50%
26%-50%	25%
51% +	- 0 -

Books and supply expenses are non-refundable. Dormitory and food service expenses are refundable based upon the terms of the contract. (Refer to Housing and Food Service Contract). Short term classes, including short term general education classes, summer classes and online classes are non-refundable.

Financial aid recipients whose institutional charges were paid from federal funds will not receive their refund of tuition, fees and room/board. The refund is paid to the appropriate federal aid program.

Students who have questions regarding refunds should contact the Office of Student Accounts.

**NOTE:** The Federal Return of Title IV Funds requires that a portion of funds paid from federal programs to an institution be refunded to the program if the student withdraws before 60% of the payment period has elapsed. If a financial aid recipient withdraws from the institution and has received a cash disbursement for living expenses from a federal program (other than a FFELP loan), a repayment may be required from the student to the appropriate program. The withdrawal of a loan recipient is reported to the borrower's lender.

***Collection Policy:***

NCK Technical College has adopted the following procedure for the collection of delinquent student account balances (specifically those students who have withdrawn or dropped from the institution). Any account balance over 60 days is considered a delinquent balance.

1. 30 days - Follow-up letter delivered by Certified Mail-Return Receipt.
2. 45 days - Notification letter.
3. 60 days - Account referred to Collection Agency.

It is the intent of this policy that no account (or partial account balance) will exceed the 60 day period.

Once a student is referred to a Collection Agency, they will not be allowed to enroll in or attend any classes at NCK Tech until the bill is paid in full. After the student has paid their bill, they will be required to prepay before they will be allowed to enroll in or attend any future courses at NCK Tech.

## **TUITION AND FEE PAYMENT POLICY**

***Students Not Receiving Financial Aid:***

Student account balances will be available prior to the beginning of each semester on the student's Tech-Know portal. Payment in full and/or completed financial aid to cover all student account balances must be established by the first day of each semester. If these arrangements have not been made by the first day of each semester, the student will not be allowed to attend class. Students enrolling in courses after the start of a semester will be required to have payment arrangements finalized at the time of registration. A \$50.00 late fee will be assessed if payment is not received by the first day of the semester. If payment is not made or financial aid is not complete to cover the student account balance in the first 5 days of the semester (add-drop) the student will be dropped from all classes and any accumulated charges will be due. If Chapter 31 or 33 benefits have a delayed disbursement by the U.S. Department of Veterans Affairs, students who receive these benefits will not be charged the late fee, will not be dropped from classes or be required to borrow additional funds to cover their tuition as long as they have paid the remaining balance not covered by the Chapter 31 or 33 benefits by the first day of the semester.

Personal checks, VISA, MasterCard, and Discover are accepted for payment.

***Financial Aid Recipients:***

Students with completed financial aid packages will be issued a financial aid waiver. If the student's financial aid award does not meet his/her cost of attendance for the payment period, it will be the student's responsibility to pay the balance no later than the 10th day of class. Failure to do so will result in the assessment of a \$50.00 late fee. If payment is not received after 30 days

from the first day of class, the student will be dropped from all classes. Should the student's financial aid award exceed the cost of attendance for the payment period, the excess financial aid will be disbursed 30 days after the first day of classes.

***Insufficient Funds Check:***

Any person who writes an insufficient funds check to North Central Kansas Technical College will be expected to make full restitution immediately. A bank service charge will be assessed on each check. NCKTC will no longer accept personal checks from the person.

***Outstanding Balances:***

Any student with outstanding balances with our institution will be unable to receive academic transcripts and will be denied admission to the institution until all accounts are paid.

***Federal Student Aid process:*** NCK Tech School Code is 005265

Following is a step-by-step description of the application process involved to receive federal aid at NCK TECH.

1. Student completes Free Application for Federal Student Aid (FAFSA) online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov)
  - i. This can be completed as early as October 1<sup>st</sup>. Students and parents are encouraged to utilize the IRS Data Retrieval Tool within the FAFSA.
2. An award letter is sent from the Financial Aid Office indicating what federal financial aid the student is eligible to receive. These amounts will be based on full time, (12 or more credit hours) enrollment, unless otherwise specified
  - i. **Requirements to receive the award letter include:**
    1. Successful completion of the FAFSA- with any/all issues resolved

2. If student is selected for verification, all required documents must be returned to financial aid office prior to award letter being generated
  - ii. If a student has filed a FAFSA and has not received any notification or communication within 30 days, contact the Financial Aid Office
3. Students indicate acceptance or denial of Direct Stafford and Plus (Parent) loans on the award letter and return the signed and completed form to the college Financial Aid office.
4. **Grant funds are awarded automatically by the college to eligible students.**
5. Accepted loan amounts from the award letter will be solicited by the college from the William D. Ford Direct Loan program.
6. Students AND/OR parents seeking education loans must complete a Loan Agreement Form with Direct Loans at [www.studentloans.gov](http://www.studentloans.gov) before the loan funds can be received.
  - i. This loan agreement form gives NCK Tech permission to originate a loan in the name of the person completing the form.
7. Students accepting Stafford loans for the **first time** must complete entrance counseling at [www.studentloans.gov](http://www.studentloans.gov) or through NCK Tech, prior to receipt of loan proceeds.

NOTE: Funds are not disbursed until 30 days after classes start. In order to receive subsequent disbursements of federal student aid, students must maintain enrollment and demonstrate satisfactory academic achievement (GPA 2.0 or better). Fees are collected on a semester basis, and financial aid disbursements are also made on a semester basis.

***Return of funds due to withdrawals and failed classes:***

Title IV (Federal) funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. Students receiving federal financial aid who begin attendance and completely withdraw, stop attending, do not complete all the days in the enrollment period, or receive all 'W's or 'F's may be required to return a portion of their federal financial aid received.

If the student does not provide official notice of intent to withdraw from classes, NCK Tech will use the latest academically related activity date as the withdrawal date from any of your classes to calculate the funds to be returned to the Department of Education. In the absence of evidence of a last day of attendance in an academically related activity, the College will use the midway point of the semester.

## **VETERANS SERVICES**

A semester grade point average and a cumulative grade point average based on a 4.0 scale is calculated for each enrollment period.

At the end of the semester, the instructor will counsel with students who receive a failing grade to determine where problems lie and to develop a plan for improvement. To qualify for graduation, the student must have achieved a cumulative 2.0 grade point average on a 4.0 scale and received a passing grade in all courses in the program of study.

***Statement of Confidentiality:***

In recognizing the library's position of special trust with members of the public, the Board of Trustees of the North Central Kansas Technical College Library wishes to clarify their policy and responsibility with regard to confidential information about patrons (and patron use of the library resources) that comes into the library's possession.

As the choice of books and other library materials, along with the use of the informational resources of the library is essentially a private endeavor on the part of each individual patron, the patron and the individual information choices remain confidential. For people to make full and effective use of the library resources they must feel unconstrained by the possibility that others may become aware of the books they read, the materials they use, the questions they ask. The awareness of existence of such a possibility inhibits free usage of the library, its resources and facilities, and is contrary to the ALA Library Bill of Rights and Freedom to Read Statement. Therefore, the Board of Trustees of North Central Kansas Technical College Library has adopted the following guidelines concerning the disclosure of information about library patrons:

No information regarding or including:

- A. A patron's name (or whether an individual is a registered borrower or has been a patron).
- B. A patron's address.
- C. A patron's telephone number.
- D. The library's circulation records and their contents.
- E. The library's borrower's records and their contents.
- F. The number or character of questions asked by patrons.
- G. The frequency or content of a patron's lawful visits to the library or any other information supplied to the library (or gathered by it) shall not be given, made available or disclosed to any individual, corporation, institution or government agency without a valid process, order or subpoena. Upon presentation of such a process, order or subpoena, the library shall resist its enforcement until such time as proper showing of good cause has been made in a court of competent jurisdiction.

All library employees (and those volunteers who work in its behalf) are hereby instructed to comply with these guidelines. The Board of Trustees recognizes that it is only through continued public confidence in the fact that these guidelines are indeed being upheld that the public can maintain its confidence in the library. It is this confidence that is vital to the library's role in the community and the community's right to know.

NCK Tech has 8 Campus Housing facilities on the Beloit Campus. Each housing facility has 4 apartments. The main entrance to each building is open 24 hours a day/7 days a week. Each apartment has 2 entrances/exits for fire safety. In the event of a fire or smoke alarm detection, the College expects that all campus housing residents will use their judgment to determine if the fire can be extinguished with the fire extinguisher provided in the apartment. If in their judgment, the fire cannot be extinguished safely, they are to evacuate by the nearest exit, closing doors as they leave. Once safely outside a building, it is appropriate to call 911 and the Dean of Student Experience. Students should do due diligence in notifying all other inhabitants of the building as they evacuate.

One Fire extinguisher and three smoke alarms (1 in living room, and 1 in each bedroom) are provided in each apartment for student's protection. Any tampering with this equipment will result in disciplinary action and the cost of replacement of equipment will be billed to the student responsible. The Director of Maintenance is responsible for making sure the smoke alarm batteries are replaced every 6 months and the fire extinguisher is operational. The Kansas Fire Marshall inspects the Campus Housing annually to determine fire hazards. The Dean of Student Experience inspects the apartments regularly to make sure egress hallways are kept clean and unobstructed for ease in case of a fire, and for prohibited items in the apartments that may be fire hazards.

No flammable materials, liquid or otherwise, of an explosive or combustible nature shall be kept in or around the premises of any NCK Tech Campus Housing unit. Candles, incense, or any other open flame decoration are considered fire hazards and are prohibited. Fireworks are also not allowed. **COLLEGE POLICIES**

***Educational Records Management:***

On November 19, 1974, the Family Educational Rights and Privacy Act of 1974, as amended, became law. Under this law, eligible students or any parent/guardian of any student enrolled in any educational institution receiving federal funds, are given certain rights concerning their educational records.

Eligible student means a student who has attained 18 years of age or is attending an institution of post-secondary education. It is assumed the eligible student is dependent upon his or her parents for financial support.

Educational records are maintained by the college for all students accepted for enrollment. The Act also states that students are entitled to a hearing to challenge the content of these educational records. Some of the grounds on which records may be challenged are:

- A. The records are inaccurate.
- B. Misleading.
- C. In violation of the privacy or other rights of students.
- D. Contains inappropriate data.

Students will be provided an opportunity for the correction or deletion of any such inaccurate, misleading or otherwise inappropriate data contained therein and to insert into such reports a written explanation.

Before any personal, identifiable, or educational record will be released to third parties, written consent must be given by the student.

Eligible students or parents have the right to appropriate interpretations of the content of their educational records.

The following information is defined as directory information: name; address; telephone listing; date and place of birth; major field of study; recognized activities and sports; dates of attendance; degrees and awards received; parents or guardian's name; and the most recent previous educational agency or institution attended by the student. NCK Tech will not designate student's sex, including transgender status, as directory information. If a student believes that any or all of the above directory information should not be released, the Registrar must be notified in writing.

In keeping with the Rights and Privacy Act, the office of Financial Aid will only release information about the student's financial aid situation to those parties within the college concerned with the student's financial welfare, as it relates to attendance at North Central Kansas Technical College. Inquiries from off campus agencies such as the State Department of Social and Rehabilitation Services, etc., will be answered only if the student provides the Financial Aid Office with a written release form.

In addition, the student's college records and information can, and will only be released to any other party only after the student has signed a release form granting the college permission to share the student's information with the party or parties identified. Release forms can be obtained from the Registrar's Office.

A copy of the Educational Records Policy is available at the Administration Office. After exhausting all procedures, the student has a right to file a complaint with the Department of Health, Education and Welfare, Room 5660, 330 Independence Ave., S.W., Washington, D.C. 20201 or phone (202) 245-7488.

Discrimination or harassment on the basis of race, color, or national origin (“racial harassment”) or on the basis of disability (“disability harassment”) shall not be tolerated. Racial or disability harassment of employees or students of the college by board members, administrators, faculty, support personnel, students, vendors, and any others having business or other contact with the college is strictly prohibited.

Racial harassment is unlawful discrimination on the basis of race, color or national origin under Titles VI and VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination. Disability harassment is unlawful discrimination on the basis of disability under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. All forms of racial or disability harassment are prohibited at the college, on college property, and at all college-sponsored activities, programs or events. Racial or disability harassment against individuals associated with the college is prohibited, whether or not the harassment occurs on college grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to so harass any student, employee or other individual associated with the college. It shall further be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Violations of this policy by any employee shall result in disciplinary action, up to and including termination. Violations of this policy by a student shall result in disciplinary action under the student code of conduct.

Prohibited conduct under this policy includes racially or disability-motivated conduct which:

- A. Affords a student or employee different treatment, solely on the basis of race, color, national origin, or disability, in a manner which interferes with or limits the ability of the student or employee to participate in or benefit from the services, activities or programs of the college;
- B. Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile academic environment or hostile work environment; or

Any college employee who receives a complaint of racial or disability harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the Dean of Student Success. If the Dean of Student Success is the alleged harasser, the complaint shall be reported to the college president. The Dean of Student Success, or college president when necessary, shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the college's discrimination complaint procedure.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial or disability harassment under the definition outlined above. Unacceptable conduct may or may not constitute racial or disability harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for employee disciplinary action, or discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct may be enhanced if the conduct is racially or disability motivated.

If discrimination or harassment has occurred, the college will take prompt, remedial action to prevent its reoccurrence.

When a complaint contains evidence of criminal activity, the college president shall report such conduct to law enforcement.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the college's obligation to conduct a thorough investigation, to take appropriate corrective action, or to provide due process to the accused.

The filing of a complaint or otherwise reporting racial or disability harassment shall not reflect upon the student's status or grades. Likewise, initiation of a complaint of racial or disability harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a racial or disability harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of racial or disability harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each college building. The policy shall also be published in student and employee handbooks as directed by the college president.

***Sexual Harassment Policy:***

The NCK Tech (the College) Board of Trustees is committed to providing a positive and productive working and learning environment, free from discrimination on the basis of sex, including sexual harassment. The College does not discriminate on the basis of sex in admissions, employment, or the educational programs or activities it operates and is prohibited by Title IX from engaging in such discrimination. Discrimination on the basis of sex, including sexual harassment, will not be tolerated at the college. Discrimination on the basis of sex of employees or students of the College by board members, administrators, licensed and classified personnel, students, vendors, and any others having business or other contact with the College is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination. All forms of sexual harassment are prohibited at the college, on college property, and at all college-sponsored activities, programs, or events within the United States.

It shall be a violation of this policy for any student, employee, or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the college. It shall further be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy by any employee may result in disciplinary action, up to and including termination.

Sexual harassment shall include conduct on the basis of sex involving one or more of the following: (1) A college employee conditioning the provision of an aid, benefit, or service of the college on an individual's participation in unwelcomed sexual conduct; (2) unwelcomed conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the college's educational program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include but is not limited to: verbal harassment or abuse of a sexual nature; pressure for sexual activity; repeated remarks to a person with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning an employee's job status.

The college encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved. Any person may make a verbal or written report of sex discrimination by any means and at any time.

Dr. Corey Isbell, (Vice President of Student and Instructional Services, 3033 Hwy 24, Beloit, KS, 67420, [cisbell@ncktc.edu](mailto:cisbell@ncktc.edu), 785-275-2028) has been designated to coordinate compliance with nondiscrimination requirements contained in Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1967, and the Kansas Act Against

Discrimination. Information concerning the provisions of these Acts, and the rights provided thereunder, are available from the Title IX Coordinator.

Inquiries about the application of Title IX to the college may be referred to the Title IX Coordinator; to the Assistant Secretary for Civil Rights at the U.S. Department of Education, Office of Civil Rights, 400 Maryland Avenue, SW, Washington D.C. 20202-1100, (800) 421-3481, or at [OCR@ed.gov](mailto:OCR@ed.gov); or both.

### **Response to Harassment Complaints**

The college takes all reports of sexual harassment seriously and will respond purposefully and promptly to every report of discrimination based on sex, including sexual harassment, of which the college has actual knowledge. Employees or students who believe they have been subjected to sexual harassment should discuss the concern with the Title IX Coordinator or any college administrator. All employees receiving reports of alleged sexual harassment shall notify the Title IX Coordinator. If the Title IX Coordinator or a college administrator is the alleged harasser, the employee or student should discuss the problem with the College President.

### **Definitions**

The following definitions apply to the college in responding to complaints of sexual discrimination including sexual harassment as defined by Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination.

The “complainant” means an individual who is alleged to be a victim of conduct that could constitute sexual harassment.

“Dating violence” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved.

The “decision-maker” reviews all the evidence and prepares an impartial written responsibility determination as to whether the alleged conduct occurred and provides an opportunity for the parties and their representatives to prepare written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator or investigator.

“Domestic violence” includes crimes of violence committed by a person who is a current or former spouse, partner, person with whom the victim shares a child, or who is or has cohabited with the victim as a spouse or partner, by a person similarly situated to a spouse of the victim under Kansas or applicable federal law, or by any other person against an adult or youth victim having protection from such person’s acts by Kansas or applicable federal law.

A “formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the college investigate the allegation of sexual harassment.

The “investigator” is the person who carries out the investigation after the formal complaint is filed and conducts interviews of the witnesses, collects and documents evidence, and drafts an investigative report.

A “respondent” is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual assault” means an offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

“Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or to suffer substantial emotional distress.

The “Title IX Coordinator” is the individual designated by the college who has responsibility to coordinate compliance with Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination. The Title IX Coordinator’s responsibilities include, but are not limited to: developing materials and ensuring professional development occurs for staff involved in Title IX compliance; creating systems to centralize records; gathering relevant data; contacting the complainant (and/or parents or guardians, if applicable) once the college has actual knowledge of alleged sexual harassment; coordinating the implementation of supportive measures; signing a formal complaint to initiate a grievance process; and ensuring any remedies are implemented.

The Title IX Coordinator, any investigator, decision-maker, or any person who facilitates an informal resolution process shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including by avoiding prejudgment of the facts, conflicts of interest, and bias. Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant. Investigators shall receive training on issues of relevance of questions and evidence in order for them to create investigative reports that fairly summarize relevant evidence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to their immediate supervisor or Title IX Coordinator. Employees who fail to report complaints or incidents of sexual harassment to appropriate college officials may face disciplinary action. College officials who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee or student discipline.

If discrimination or harassment has occurred, the college will take prompt, remedial action to stop it and prevent its reoccurrence.

The Title IX Coordinator shall promptly respond in a purposeful way to any reports of sexual discrimination including sexual harassment of which the college has actual knowledge as follows:

- Contact the complainant within 10 business days and discuss the availability of supportive measures, with or without the filing of a formal complaint, and consider the complainant’s wishes as to supportive measures; and
- Inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

#### **Supportive Measures**

The college will treat the complainant and respondent equitably by offering supportive measures. These non-disciplinary and non-punitive measures will be offered as appropriate, as

reasonably available, and without cost to the complainant or the respondent. Supportive measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party. “Supportive Measures” shall include, but not be limited to, measures designed to protect the safety of all parties, to protect the college’s educational environment, or to deter sexual harassment. These measures may include: counseling; extensions of deadlines or course-related adjustments; modifications of work or class schedule; escort services; mutual restrictions on contact between the parties; changes in work locations; leaves of absence; increased security and monitoring; and other similar measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

### **The Formal Complaint**

No investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

A formal complaint is a document filed by the complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting an investigation. The procedures for filing a formal complaint are as follows:

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the college concerning which the formal complaint is filed.
- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the complaint. Forms for filing written complaints are available on each college campus and on the College website.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- An investigation shall follow the filing of the complaint. If the complaint is against the College President, the Board shall appoint an investigating officer. In other instances, the investigation shall be conducted by a qualified individual designated by the Title IX Coordinator or another individual appointed by the Board. The investigation shall be thorough. All interested persons, including the complainant and the respondent, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

### **Formal Complaint Notice Requirements**

Upon filing of a formal complaint, the college shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
  - the identities of the parties involved, if known;
  - the conduct allegedly constituting sexual harassment; and
  - the date and location of the alleged incident, if known.
- The college’s investigation procedures, including any informal resolution process;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;

- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the College's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, notice of the additional allegations shall be provided to known parties.

### **Formal Complaint Investigation Procedures**

To ensure a complete and thorough investigation and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the college and not the parties;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
- Allow the parties to be accompanied with an advisor of the party's choice;
- Provide written notice of the date, time, location, participants, and purpose of any interview, meeting, or hearing at which a party is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint, including the investigative report, and the opportunity to respond to that evidence before a determination is made;
- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondent;
- Not make credibility determinations based on the individual's status as complainant, respondent, or witness.

### **Formal Complaint Investigation Report**

The investigator shall prepare an investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors for review and response within 60 days of the initiation of the formal complaint. If the investigation requires longer than 60 days, both parties will be notified.

Before completing the investigative report, the investigator must send each party and their advisors the investigative report for review and allow the parties 10 days to submit a written response for the investigator's consideration.

The investigator's written report shall include an objective evaluation of all relevant evidence using a preponderance of the evidence standard to determine responsibility.

### **Hearing and Decision-Maker's Determination**

Following the investigation, a live hearing will take place. Hearing procedures are as follows:

- Both the complainant and the respondent may have an advisor present. The advisor may be an attorney, but doesn't have to be. If either the complainant or respondent do not have access to an advisor, the college will provide one at no cost.
- The decision maker of the hearing must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow up questions.

- Cross-examination must be conducted directly, orally, and in real time by the party's advisor of choice, never by the party personally.
- At the request of either party, the college must provide for the live hearing to occur with the parties located in separate rooms, with technology that enables all parties and the decision maker to simultaneously see and hear the witness answering questions.
- The decision maker has the responsibility to determine the relevancy of the questions and explain in real time any decision not to permit a question.
- Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
- If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.
- After the hearing, the decision maker must issue a written determination, within 10 days, of responsibility based on a preponderance of evidence. If written determination cannot take place within 10 days, both parties will be notified. The written determination must include:
  - Identification of the allegations at issue
  - Description of the procedural steps taken throughout the case
  - Findings of fact supporting the determination
  - Conclusions regarding application of the Title IX policy
  - A statement and rationale as to the determination for each allegation
  - A statement of any disciplinary sanctions and whether any remedies will be provided to the complainant
  - A description of the procedures and permissible grounds for appeal
  - The college must make an audio or video recording of the hearing, or a transcript, and make it available to the parties for inspection and review.
  - A copy of the written determination shall be provided to both parties simultaneously.

The range of disciplinary sanctions and remedies may include, but may not be limited to, supportive measures, short term suspension, long term suspension, expulsion for students, and/or termination for employees. The Title IX Coordinator is responsible for the effective implementation of sanctions and remedies. If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in Board policy and state law governing student suspension and expulsion will be followed.

If the investigation results in a recommendation that an employee be suspended with or without pay or terminated, procedures outlined in Board policy, the negotiated agreement (as applicable), and/or state law will be followed.

Records relating to complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed, or on the date the opportunity for an appeal expires.

### **Appeals**

The complainant or respondent may appeal the decision-maker's determination, within 10 days, regarding responsibility or a dismissal of a formal complaint, on the following base:

- Procedural irregularity that affected the outcomes;
- New evidence that was not reasonably available at the time that could affect the outcome; and/or
- The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.
- A preponderance of evidence of a conflict of interest or bias must be proven by the appellant.

The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be audio or video recorded and that documentation shall be kept with the case files for 7 years. Appeals shall be heard by an attorney, a hearing officer appointed by the Board, or the Board. The appeal decision-maker may not be the Title IX Coordinator, the Investigator, or the decision-maker from the original determination.

The appeal decision-maker will issue a written decision within 30 days after the appeal is filed. The appeal decision-maker will describe the result of the appeal and the rationale for the result.

The appeal decision-maker shall:

- Review the evidence gathered by the investigator, the investigator's report, and the original decision-maker's determination;
- Notify both parties in writing of the filing of an appeal and give them 10 days after the appeal is filed to submit further evidence in writing;
- Not have a conflict of interest or bias for or against complainant or respondent and receive the required training;
- Issue a written decision and the rationale for the decision within 30 days after the appeal is filed;
- Describe the result of the appeal and the rationale for the result in the decision; and
- Provide the written decision simultaneously to both parties and to the Title IX Coordinator.

### **Informal Resolution Process**

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the college may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- The parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the investigation of the formal complaint and be informed of any consequences resulting from participating in the informal resolution process;
- The parties voluntarily and in writing consent to the informal resolution process; and

- The informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the proposed resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within 20 days after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved, or if the individual does not believe the resolution remains acceptable within 20 days after the informal resolution document is executed, the individual or the Title IX Coordinator may proceed with the formal complaint process.

If discrimination or harassment has occurred, the college will take prompt, remedial action to prevent its reoccurrence. The college prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or appeal.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

Initiation of a complaint of sexual harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving sex discrimination including sexual harassment is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination of employment.

To the extent possible while still following the above procedures, confidentiality will be maintained throughout the investigation and resolution of a complaint. The desire for confidentiality must be balanced with the college's obligation to conduct a thorough investigation, to provide supportive measures to both parties, to take appropriate corrective action, and to provide due process to the complainant and the respondent.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be posted in each college facility, shall be published in employee handbooks, and on the college's website as directed by the Title IX Coordinator. Notification of the policy may include posting information notices, publishing in local newspapers, publishing in newspapers and magazines operated by the college, or distributing memoranda or other written communications to students and employees. In addition, the college is required to include a statement of nondiscriminatory policy in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

***Restraining Orders:***

Enforcement of court-issued protection orders is critical to ensure the safety for students and employees at NCK Tech.

Any student or employee who has a restraining order, order of protection, no contact order or any other such order issued by a court against another individual (whether or not that individual is also a student or employee of the College) is highly encouraged to notify the local police department and the Dean of Student Experience (Beloit students), the VP of the Hays Campus (Hays students) or Board Clerk (employees) of the threat. The student or employee should provide a copy of the restraining order to local law enforcement, as well as the NCK Tech official listed above, so it is kept on file and can be enforced, if necessary.

Upon receiving notice that a student or employee holds a protection order, the designated NCK Tech employee shall immediately schedule a meeting with the protected student to create a plan for enforcement of the protection order on the college's campus. The designated NCK Tech employee shall work with the protected student or employee to create an enforcement plan regardless of whether the restrained individual is another student or employee. In addition, the designated NCK Tech employee shall provide the protected student or employee with information about reporting violations of the protection order, assist him/her with reporting any violations, and provide him/her with a list of campus and community resources.

If the restrained individual is a student or employee, NCK Tech shall make any necessary changes to the restrained student's enrollment/employment, participation, or environment in order to comply with the protection order and ensure the protected student or employee's safety. In addition, the designated NCK Tech employee shall work with the protected student or employee and the college to make any changes to the protected student or employee's enrollment/employment, participation, or environment to which he/she consents and which are necessary to ensure his/her safety.

Changes to the restrained student or employee's enrollment/employment, participation, or environment that are made pursuant to a valid protection order do not require a written complaint or grievance by the student or employee. The restrained student or employee may file a grievance using the procedures set forth in the NCK Tech Board Policy handbook to challenge any changes made to his/her enrollment/employment, participation, or environment to enforce a protection order.

***Drug Testing Policy:***

The NCK Tech has an obligation to provide a safe learning environment for all students and community members who may be impacted by the training of students in certain programs. NCK Tech offers several programs that require students to work with and around hazardous equipment with the potential to cause severe injury or death. In addition, NCK Tech offers nursing

programs that require direct patient care. Students in these lab/shop areas and patient care areas must be attentive and focused on their actions, as well as others around them. Students with impaired or delayed reaction time, loss of concentration, or impaired decision-making are a hazard to others. Students that are impaired due to prescription medications or illegal drug use pose a serious risk to staff members, other students, and community members. The purpose of this policy is to promote safety and prevent a potential safety risk to others. This Drug Testing Policy shall not be used for law enforcement purposes.

NCK Tech partners with Business and Industry leaders through an Advisory Board process. Per their recommendations, as well as industry standards, the areas of concern are the Nursing Programs, Heavy Equipment, Welding, Diesel Technology and the Agricultural Equipment Technology Programs.

- Nursing students are required to complete clinical trainings, which include direct patient care.
- Heavy Equipment students are required to operate very large equipment, such as bulldozers, motor graders, evacuators, backhoes, loaders, scrapers and directional drills.
- Welding students are required to use welding machine and tools, solvents and gases and are exposed to high heat temperatures.
- Diesel Technology students are required to use truck lifts, overhead cranes and forklifts, and to drive customer vehicles, tractors, dozers, graders, evacuators and school buses.
- Agricultural Technology Equipment students are required to use overhead cranes, forklifts and to drive customer equipment.

The policy for each of these programs follows:

1. Testing: All enrolled shall be subject to drug and alcohol testing.
  - a) Testing shall be coordinated by the Director of Nursing, Dean of Student Success, or the VP of the Hays Campus and will be conducted at least once each semester.
  - b) Test results shall be forwarded directly to the Director of Nursing, Dean of Student Success, or the VP of the Hays Campus, with a copy sent to the student. All test results will be considered confidential and access to the results shall be restricted to the respective campus' administrator. These individuals shall have authority to determine institutional personnel having a legitimate need to know access to specific information
  - c) In the event of a positive test result, the student may request a retest of the sample at the student's expense. This request should be submitted within 24 hours.
  - d) Refusal to provide a specimen for this testing shall be grounds for administrative withdrawal from the student's program.
  - e) Test results or specimens that have been determined to be altered by the student shall be grounds for administrative withdrawal from the student's program.
  - f) If the student does not request a retest of the sample, or if the sample is positive again upon retesting, the student shall be administratively withdrawn from the program.
  - g) If the student tests positive for an authorized prescription drug which may impair his/her performance or judgment during clinical site experience, the student may not be permitted to participate in the shop experience until he/she provides a doctor's release to continue in the clinical site experience to the Dean of Student Success (Beloit campus) or the VP of the Hays Campus (Hays campus).
  - h) Students may reapply for admission into the program the following school year.

2. Initial Enrollment: All students enrolling in the nursing programs shall be responsible for obtaining a drug screening from their respective campuses selected medical lab. Students are responsible for their own expense.

- a) The test results shall be forwarded directly to the Director of Nursing by the lab. All test results are confidential and access to the results shall be limited to the Director of Nursing, Dean of Student Success, or the VP of the Hays Campus. These individuals shall have authority to determine institutional personnel having a legitimate need to know access to specific information.
- b) Tests must be taken within 30 days prior to the first day of class. Students will not be able to participate in class until the results are received. Exceptions may be granted by appealing to the Director of Nursing.
- c) The lab shall also forward a copy of the results to the student.
- d) In the event of a positive test result, the student may request a retest of the sample at the student's expense.
- e) If the student does not request retest of the sample, or if the sample is positive again upon retesting the student shall not be permitted to start the program.
- f) Students who are denied permission to start the program due to a positive drug testing result may reapply for admission the following school year.

### 3. Confidentiality

- a) All results obtained and received will be kept confidential in separate medical record files. Access to such files shall be strictly limited.
- b) No information from such drug testing reports shall be provided to any person other than those whose duty requires them to have access to such information.
- c) Drug test results shall be used only as outlines in this policy. Such results shall not be used for any other purpose unless required to be produced by court order.
- d) Drug test results will not be transferred to other academic institutions or provided to potential employers.
- e) Drug test results shall not be provided to law enforcement unless required to be produced by court order.

### ***Reasonable Suspicion:***

If reasonable suspicion of substance abuse exists regarding an employee or student based on objective criteria (including, but not limited to, behavior, appearance, demeanor, detection of the odor of alcohol or any controlled substance), the employee or student will be requested to consent to drug testing performed by NCK Tech's contract vendor at the expense of the college.

- A. A college administrator (or their designee) shall drive the employee or student to the vendor's site for drug testing and shall return the employee or student to his/her residence (or arrange for transportation) following the testing.
- B. Test results shall be sent directly to the college administrator, with a copy also sent to the employee or student. All test results will be considered confidential, access to the results will be limited to institutional personnel who have a legitimate need-to-know.
- C. In the event of a positive test result, the employee or student may request a retest of the sample at the employee or student's expense. The request must be submitted within 24 hours.

- D. Positive results for any illegal drugs, or prescription drugs (either not prescribed for the employee or student, or at levels above the prescribed dosage), or blood alcohol level of 0.04 or greater shall be grounds for disciplinary action, up to and including termination or expulsion.
- E. Refusal to provide a specimen for this testing shall be treated as a positive drug test result.
- F. Test results or specimens that have been determined to be altered by the employee or student shall be grounds for disciplinary action, up to and including termination or expulsion.
- G. If the employee or student tests positive for an authorized prescription drug which may impair his/her performance or judgment, the employee or student may not be permitted to participate in college activities until he/she provides a doctor's release.

***Drug-Free School Policy:***

The North Central Kansas Technical College Board of Trustees, administration, and staff believe that maintaining a drug-free educational environment is critical to the success of every student. North Central Kansas Technical College fully complies with all provisions of the Drug Free Schools and Campuses regulations, 34 C.F.R. Part 86.

It is the policy of NCKTC that the possession, use, distribution and for sale of alcoholic beverages, illegal drugs, drug paraphernalia, and/or other controlled substances (except as medically prescribed) by students and employees is prohibited on the college campus, within the college buildings, while operating a College-owned vehicle or equipment, at any training station or at any college-sponsored event. Violation will result in immediate disciplinary action, up to and including dismissal from college for students and up to and including termination for employees. Appropriate legal action will be taken by NCKTC. Students or employees acting in an accessory role are also subject to disciplinary and legal action.

Students who violate the terms of the NCKTC Drug and Alcohol Policy violate the NCKTC Student Code of Conduct and could be subject to the following sanctions:

- A. Suspension from classes and activities
- B. Expelled from college
- C. Mandatory attendance at counseling sessions and/or educational seminars
- D. Community Restitution/Service
- E. Parental Notification as provided by federal law
- F. Probation, Monetary Fine, and/or Community Service

Appropriate legal action will be taken by NCKTC. Students acting in an accessory role are also subject to disciplinary and legal action.

## **B. Policy**

1. General Rules on Open Carry and Concealed Carry on Campus

Open carry of firearms and possession of weapons other than concealed handguns shall be prohibited on campus, while concealed carry of handguns is permitted on campus, subject to the rules stated in this policy. All weapons are prohibited at all off-campus College sponsored or supervised activities, except that, as required by law, the College does not prohibit employees, who are legally qualified, from carrying a concealed handgun while engaged in the duties of their employment outside of NCK Tech's place of business, including while in a means of conveyance.

Nothing in this policy shall be read to prohibit possession of weapons on campus as necessary for the conduct of Board-approved academic programs or College-approved activities without the advance written approval of the President or his/her designee.

Except in those instances where necessary for self-defense or transferring to safe storage and except as otherwise provided in the preceding paragraph, it shall be a violation of Board and College policy to openly display any lawfully possessed concealed carry handgun while on campus.

There are no College locations that have been designated as prohibiting concealed carry with permanent adequate security measures. The College may from time to time designate a specific location as temporarily prohibiting concealed carry and use temporary adequate security measures as defined and required by law. Appropriate notice will be given whenever this temporary designation is made.

In addition, areas of buildings that have no public access entrances and are limited to restricted access entrances only may be off-limits to concealed carry, as determined by the College. "Restricted access entrance" means an entrance that is restricted to the public and requires a key, keycard, code, or similar device to allow entry to authorized personnel. "Authorized personnel" means employees of a state agency or municipality and any person granted authorization pursuant to K.S.A. 75-7c20 (d)(2.) The College may temporarily designate specific locations as prohibiting concealed handguns and use temporarily.

## 2. Prohibitions Based on State Law

Beginning July 1, 2017, any individual who is 21 years of age or older and who is lawfully eligible to carry a concealed handgun in Kansas shall not be precluded from doing so on campus except in buildings and areas of buildings for which adequate security measures are provided, and except as otherwise prohibited by law.

Due to its proximity to school district property, carrying a concealed weapon at the NCK Tech Big Creek Training Center in Hays is prohibited.

Regardless whether the individual is otherwise lawfully eligible to carry a concealed handgun, the following restrictions apply to the carrying of a firearm by Kansas law, and the violation of any of the following restrictions is a crime under Kansas law and a violation of this policy:

- An individual in possession of a concealed firearm must be at least 21 years of age [K.S.A. 21-6302(a)(4)];

- A firearm cannot be carried by an individual under the influence of alcohol or drugs, or both, to such a degree as to render the individual unable to safely operate the firearm [K.S.A. 21-6332];
- A firearm cannot be carried by an individual who is both addicted to and an unlawful user of a controlled substance [K.S.A. 21-6301(a)(10)];
- A firearm cannot be carried by an individual who is or has been a mentally ill person subject to involuntary commitment [K.S.A. 21-6301(a)(13)];
- A firearm cannot be carried by an individual with an alcohol or substance abuse problem subject to involuntary commitment [K.S.A. 21-6301(a)(13)];
- A firearm cannot be carried by an individual who has been convicted of a felony crime [K.S.A. 21-6304];
- An automatic firearm cannot be carried [K.S.A. 21-6301(a)(5)];
- A cartridge which can be fired by a handgun and which has a plastic-coated bullet with a core of less than 60% lead by weight is illegal [K.S.A. 21-630(a)(6)];
- Suppressors and silencers cannot be used with a firearm [K.S.A. 21-6301(a)(4)]; and,
- Firearms cannot be fired in the corporate limits of a city or at a dwelling, or at a structure or vehicle in which people are present, except in self-defense [K.S.A. 21-6308,6308a].

It shall also be a violation of this policy to otherwise possess, store, transport, trade, sell, or in any other way use a firearm in violation of any applicable law.

### 3. Carrying and Storing Handguns

Each individual who lawfully possesses a handgun on campus shall be wholly and solely responsible for carrying, storing and using that handgun in a safe manner and in accordance with the law and Board policy. Nothing in this policy shall be interpreted to require individuals who lawfully possess a handgun to use it in defense of others.

Beginning July 1, 2017, each individual who lawfully possesses a concealed handgun on campus shall at all times have that handgun in their custody and control, and shall either:

- a. Carry it concealed on or about their person in a manner that complies with this policy, or;
- b. Keep it securely stored at their residence or in their privately owned or leased vehicle

Individuals who carry a handgun on campus must carry it concealed on or about their person at all times. With respect to this policy, “concealed” means completely hidden from view and does not reveal the weapon in any way, shape, or form. “About” the person means that an individual may carry a handgun if it can be carried securely in a suitable carrier, such as a backpack, purse, handbag, or other personal carrier designed and intended for the carrying of an individual’s personal items. Moreover, the carrier must at all times remain within the exclusive and uninterrupted control and within the immediate reach of the individual.

Every handgun carried by an individual, whether on their person or in a carrier, must be secured in a holster that completely covers the trigger and the entire trigger guard area and that secures any external hammer in an un-cocked position. The handgun must be secured in the holster with a strap or by other means of retention. The holster must have sufficient tension or grip on the handgun to retain it in the holster even when subjected to unexpected jostling. Handguns with an external safety must be carried with the safety in the “on” position. Semiautomatic handguns must be carried without a chambered round of ammunition. Revolvers must be carried with the hammer resting on any empty chamber.

*Handguns shall not be stored:*

- (1) in any College classroom, lab, office, or facility;
- (2) in an on-campus residential unit, except in the residential unit of the individual who is at least 21 years of age, who legally owns the handgun, and when the handgun is secured in an approved storage device;
- (3) in any non-privately owned or leased motor vehicle; or,
- (4) in any other location and under any circumstances except as specifically permitted by this policy and by state and federal law.

*Handguns may be stored:*

- (1) in an individual’s privately-owned or leased motor vehicle when the vehicle is locked and the handgun is secured in a location within the vehicle that is not visible from outside the vehicle; or,
- (2) in an individuals’ on-campus residential unit when the handgun is secured in a holster and in an approved storage device. Handgun storage by any other means than specifically permitted in this policy is prohibited.

For any on-campus residential unit that does not have adequate security measures, each resident who lawfully possesses a handgun on campus and elects to store the handgun they possess in the room to which they are assigned when not carrying it on their person in a concealed fashion shall secure the handgun in a secure storage device that conceals the gun from view. Such storage devices shall be provided by the individual who possesses the handgun and must meet minimum industry standards for safe-keeping of handguns.

NCK Tech does not provide approved handgun storage devices to any person under any circumstances. Each individual who stores a handgun in an on-campus residence must provide their own approved storage device. An approved storage device has each of these characteristics;

- (1) it is of sufficient size to fully enclose the handgun while secured in an approved holster;
- (2) it is constructed of sturdy materials that are non-flammable;
- (3) it has a combination, digital, or other secure locking device that can only be unlocked by the individual using the storage device, but devices secured exclusively with a key lock are prohibited; and,

- (4) the device is constructed specifically for the storage of a handgun and/or ammunition. All ammunition stored in an on-campus residence must be stored in an approved storage device.

#### 4. Additional Safety Measures

NCK Tech and its employees, staff, administration and trustees who do not provide adequate security measures in College buildings and by this Policy allows the carrying of a concealed handgun as authorized by the Personal and Family Protection Act (K.S.A. 75-7c01 *et seq.*) shall not be liable for any wrongful act or omission relating to actions of persons carrying a concealed handgun concerning acts or omissions regarding such handguns (K.S.A. 75-7C20 (f)).

Nothing in the policy shall be interpreted to require individuals who lawfully possess a handgun to use it in defense of others.

No person shall use the fact or possibility that he or she is carrying a concealed weapon with the intent to intimidate another person except in defense of self or others.

### C. Reporting and Temporary Actions

All reports of suspected violation of the concealed carry policy are made to the College President or his/her designee.

An employee who witnesses the unlawful handling of a handgun shall report the incident to the President or his/her designee.

Upon receipt of a report, NCK Tech will conduct an initial investigation to determine whether the report describes a criminal matter and/or a policy violation. Any report of weapons on a NCK Tech campus will be investigated.

Employees who fail to report complaints or incidents regarding unlawful handling of a handgun to appropriate college officials may face disciplinary action. College administrators who fail to investigate and take appropriate corrective action in response to complaints of unlawful handling of a handgun may also face disciplinary action.

When a complaint contains evidence of criminal activity, the college president or his/her designee shall report such conduct to law enforcement.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the college's obligation to conduct a thorough investigation, to take appropriate corrective action, or to provide due process to the accused.

The filing of a complaint or otherwise reporting unlawful handling of a handgun shall not reflect upon the student's status or grades. Likewise, initiation of a complaint of unlawful handling of a handgun in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of unlawful handling of a handgun is prohibited. Any person who retaliates

is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

**D. Sanctions**

Any individual violating this Policy or accidentally or irresponsibly discharging a weapon will be subject to appropriate disciplinary action, including but not limited to suspension/expulsion, termination of employment, immediate removal/trespass from the premises and/or arrest. Enforcement of this Policy will be administered by NCK Tech Administration or the appropriate law enforcement agency and shall form a Student Code of Conduct violation. Those residing on campus shall honor these Policy provisions plus any and all conditions of housing written agreement. Likewise, any individual who violates one or more provisions of this policy may be issued a lawful directive to leave campus with the weapon immediately. Any individual who violates the directive shall be considered to be in trespass and may be cited accordingly. Any individual who violates state or federal law may be detained, arrested or otherwise subjected to lawful processes appropriate to the circumstances.

*1. Students:*

Students in violation of this policy are subject to suspension or expulsion from the college with loss of all credit for the current semester and no refund of tuition or fees for the semester, as well as prohibition from future enrollment or participation in College or College-sponsored activities. The suspension or expulsion may be appealed under the NCK Tech Complaint and Grievance Policy. The President may recommend the suspension or expulsion be modified on a case by case basis under the provisions of Board of Trustees Policy 10.18 (Probation). Students violating this policy will be referred to the appropriate law enforcement agency or agencies and if a juvenile to SRS. Those residing on campus shall honor the provisions of this policy plus all conditions of the housing agreement.

***On Campus Driving Privileges:***

Only street legal vehicles will be allowed on campus, special circumstances may be granted by the college president.

A. Reckless Driving:

Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving, and is subject to losing driving privileges on campus.

B. Passengers Riding in the Back of Pickup Trucks or on the Hood:

It is unlawful to have passengers riding in the bed of a pick-up truck or on the hood, no matter the age of the passenger. If this occurs on NCKTC campus, the driver and each passenger shall be fined and could be subject to additional punishments as seen appropriate by the Dean of Student Experience.

C. Parking Violations:

Students are expected to adhere to parking requirements as established by the City of Beloit (Beloit campus) or the City of Hays (Hays campus). Students are not to occupy

more than one space or back into a space (unless loading or unloading). Violators will be subject to a fine.

***Emergency Leave Policy:***

Any student in good academic standing who voluntarily withdraws from all classes due to military service, medical condition or extenuating circumstances may return to NCK Tech without paying tuition and fees beyond the initial full tuition and fees cost for the semester in which they withdrew. In order to be eligible for the waiver of tuition and fees, the student must obtain approval from the college president at the time of withdrawal. Students are responsible for the cost of books, tools, etc. and the full tuition and fees for all subsequent semesters.

***Information System Use Policy:***

- All computers connecting to the dorm's network are required to have current and up-to-date security software and patches.
- Internet activity over the dorm's network may be monitored at any time without prior notification. If there is evidence that a resident is not following this acceptable use policy, the college reserves the right to take appropriate disciplinary action, including, but not limited to, loss of network privileges, cancellation of housing contracts, dismissal from the college, and/or appropriate legal action.

Service provided "AS IS." The dorms' network provides access to the Internet on an "AS IS" basis with all the risks inherent in such access. The college makes no warranty that the dorms' network or that any information, software or other material on the dorms' network is free of viruses, worms, Trojan horses, spyware, malware, or other harmful components. Suitable and appropriate clothing is required while in the classroom and/or shop areas. Any clothing or jewelry determined to present a safety hazard will not be allowed in shops, laboratories or in the classroom. Hats shall be removed in classrooms, the college cafeteria and at college assemblies.

***Student Code of Conduct:***

The college president shall develop rules and regulation consistent with board policy necessary to govern student conduct. These rules shall be reviewed at least annually by the board and adopted by reference as a part of these policies.

A student shall not use any conduct intentionally to cause the substantial and material disruption or obstruction of any lawful college function. Neither shall a student urge other students to engage in conduct intended to cause a disruption or obstruction of any college function.

A student shall not fail to comply with a reasonable request of college personnel during any period of time when the student is properly under the authority of the college.

Violation of any provision of this student conduct may result in suspension and/or expulsion.

- A. Probation
- B. Community Restitution (campus or community service)
- C. Monetary Restitution
- D. Suspension
- E. Expulsion

The purpose of these rules is to define an orderly procedure which, if followed, would be identified as "just and reasonable" in the eyes of the board, administration, instructor, student, and parent/guardian, if under the age of 18, in resolving academic issues. If the student is a high school student under the age of 18, school district administration will be informed, and the college will confer with school district administration regarding the appropriate disciplinary action.

### ***Academic Program Disciplinary Issues:***

When disciplinary issues occur in an academic program the following procedure will be used:

#### Step I: Conference with Instructor or Instructors in Department

The conference with an instructor or instructors in a department shall follow the procedures outlined below and shall occur within two academic days of the disciplinary issue:

1. Call students into a private conference before or after classes; allow at least 30 minutes for the conference.
2. Specify (in writing) causes of concern; cite exact instances; make sure students understand their shortcomings.
3. Explain how the areas of deficiency can best be corrected by the students.
4. Provide a completion date for students to attempt to correct deficiencies.
5. Give an outlined copy of provisions to students at completion of the conference.
6. Send a copy of the conference report to the Dean of Student Success, or the VP of the Hays campus.

If warranted or behavior continues and/or increases, the student will be referred to the Dean of Student Success or the VP of the Hays campus and the following procedure will be used:

#### Step II: Conference with the Dean of Student Success/VP of Hays campus

The instructor shall report results of the previous conference to the Dean of Student Success/VP of Hays campus to give complete up-to-date background of the case.

The Dean of Student Success/VP of Hays campus with the instructor and student shall outline specific areas of the student's deficiencies and how these deficiencies may be corrected. The Dean of Student Success/VP of Hays campus shall ascertain whether or not the student wants to remain in the program and discuss fully the student-teacher relationship. There shall be mutual agreement on specific time for problems to be corrected, and the agreement shall be in writing and signed by the student.

### ***Conduct and Behavior Issues:***

In cases involving conduct and behavior problems, the procedures listed below are to be followed:

If the student is a high school student under the age of 18, school district administration will be informed, and the college will confer with school district administration regarding the appropriate disciplinary action.

#### A. Probation:

The use of probation is authorized when deemed necessary, both for academic and non-academic issues. Any punishment, suspension or expulsion may be deferred by the Dean of Student Success or the VP of the Hays Campus, and the student involved may be placed on probation for a fixed period of time. The punishment, suspension or expulsion shall remain deferred so long as the conditions of probation are met by the student.

Any student placed on probation shall be given a written list of the terms and conditions of probation by the person granting probation; and the student shall sign a statement to the effect that the terms and conditions have been received, fully explained and

understood. The student shall indicate willingness to abide by them; and in case of failure to do so, the sanction originally imposed may be reinstated at the discretion of the person granting the probation.

**B. Suspension:**

An emergency suspension may be imposed by the college president or designee at any time it is reasonably determined that a student's continued presence on campus poses a significant danger to either the student or to others or if there is reasonable cause to believe such an interim suspension is required to protect lives or property and to ensure the maintenance of order.

Short-term suspension of less than 10 days may be imposed by the Dean of Student Success/VP of the Hays Campus as needed. Short-term suspensions may be appealed in writing within 3 business days to the college president. If the decision is not appealed within 3 business days, the student will be deemed to have waived the appeal and the decision by the Dean of Student Success/VP of Hays campus shall be deemed final.

Long-term suspension is an official action taken by the college which suspends all rights as a student at NCK Tech during a specified period of at least ten (10) days and not more than the time remaining in the current academic semester.

During any period of suspension, the student suspended may not attend classes, activities or events sponsored by the college and may not be on any property owned or used by the college. If the suspension is more than two days, academic assignments will not be accepted during the period of suspension and will not be made up. Violations of suspension will result in appropriate criminal charges being filed, as well as additional disciplinary action being taken. Suspension does not absolve the student of any financial obligations to NCK Tech.

**C. Expulsion:**

Expulsion may be for a minimum of one full semester and may be imposed for an entire academic year or for an extended period beyond the current academic year. When expelled from NCK Tech, a student may not participate in any college function and may not be on any property owned or used by the college. Violations of the terms of expulsion may result in the college pursuing criminal and/or civil remedies. When a student is expelled from the college, F grades are recorded for any classes not completed in the current enrollment period. Students who have not been previously expelled may apply for reinstatement to the college by submitting a letter of appeal to the college president requesting a hearing before the disciplinary committee. Students expelled for an extended term beyond the current academic year must wait two years before seeking reinstatement.

Any student, who is recommended by the VP of Student and Instructional Services or the VP of the Hays campus to receive a long-term suspension (more than 10 days) or expulsion, will be granted a disciplinary hearing. The student shall be placed on short-term suspension until the hearing can be conducted. The hearing shall be conducted no later than 10 business days after the recommendation for long-term suspension or expulsion by a hearing officer who has the authority to suspend or expel. The college president shall designate a hearing officer other than himself/herself.

The hearing officer shall explain that the purpose of the hearing is to review the charges and incidents upon which the proposed long-term suspension or expulsion is based and to provide an opportunity for the student, his/her parents or guardians (if the student is under 18), counsel and witness to present other information to be considered before a decision is made.

The student will be notified in writing, either e-mail or letter, at least three business days prior to the hearing. The notice will state the time, date and place of the hearing. If a student fails to appear for the scheduled hearing, the hearing officer will dismiss the appeal and the earlier decision will be deemed final.

At any long-term suspension/expulsion hearing the following will occur:

1. The student will have a right to hear charges of conduct violations read.
2. Each party will have the right to have an adviser present (including an attorney) at the party's own expense.
3. Each party will have the right to hear the testimony and see the evidence presented at the hearing.
4. Each party will have the right to present witnesses to be heard by the hearing officer.
5. Each party will have the right to testify and give reasons supporting its position.
6. Proceedings will be tape recorded, except for hearing officer deliberations.
7. A written report will be prepared by the hearing officer affirming, modifying or reversing the decision from which the appeal was made. Copies of the written report will be emailed to the student at the student's college email address and delivered to the VP of Student and Instructional Services or the VP of the Hays Campus and to the college president.

If either party is dissatisfied with the decision of the hearing officer, the hearing officer's decision may be appealed to the college president by submitting a written request for appeal to the president's office within five business days after the date of the hearing officer's written report of the decision. If neither of the parties appeals during the time specified, the hearing officer's decision will be deemed final.

If, in the opinion of the president, the behavior of the student is reasonably expected to cause continued material disorder, disruption or interference with the school's operation, the president may find that the sanction will stand pending the outcome of the appeal.

Upon receipt of a request for appeal, the president will review the taped recorded and any written materials submitted at the disciplinary hearing. At the president's sole discretion, the parties may be asked to appear or the parties may be asked to present additional evidence. If additional evidence is requested, it will be presented in a manner granting each party the same due process rights as those outlined above. Within 10 business days of delivery of the request for appeal or within 10 business days after the date upon which they appear or additional evidence is presented to the president, the president will affirm, modify, or reverse the decision of the hearing officer. The president's decision will be set forth in a written report and the report will be mailed to the student at the student's last known address.

A student who wishes to appeal the decision of the president may petition the board through the Clerk of the Board in writing and request a hearing on the specific issue. Such petition must be

filed within five academic days of receiving notice of the decision. All decisions of the board are final.

***Student Grievance Procedure:***

Each student, through parents or legal guardian if under 18 years of age, has the right to grieve over an alleged violation of rights. No student shall be subject to reprisal or discrimination by reason of participation in a grievance procedure. Any suspension or expulsion shall not be subject to the grievance procedure.

The student should first attempt to resolve the issue being grieved with the party or parties involved. If the issue is not resolved at that time, the student will meet with the Dean of Student Success within three academic days of the original student conference. At that point, the parties involved will be informed that the grievance is under consideration and that all parties will meet with the Dean of Student Success concerning the situation. All parties involved in the grievance will be informed of the decision of the Dean of Student Success within two academic days of hearing both sides. If an agreement cannot be reached, the student may, within three academic days, submit a written grievance to the president or designee. The president or designee will render a decision on the grievance within five academic days of its filing. A written notice of the decision will be mailed to the student or parent/guardian of the student.

If an agreement cannot be reached, the student and parent/guardian may petition the board through the Clerk of the Board in writing and request a hearing on the specific issue. Such petition must be filed within five academic days of receiving notice of the decision. All decisions of the board are final.

***School Property:***

Considerable local, state and federal monies have been invested to provide top quality facilities and equipment for students. Equipment and tools occasionally will be broken during normal use. This breakage should be reported immediately to your instructor. Loss of equipment or damage to school property in general, either by malicious destruction or outright theft will result in immediate disciplinary action and involvement of law enforcement officials. A simple solution would be to treat school property as you would your own personal property.

If NCK Tech equipment or facilities are stolen or abused, the following guidelines for action have been adopted:

- A. The Administration and Police force will be notified when illegal activities have occurred.
- B. Charges will be filed with the police against any student known to have been involved in an illegal activity that affects NCK Tech.
- C. Committing an illegal act against NCK Tech may result in expulsion.

***Use of School Vehicles:***

Only students who have been approved by the Administration Office will be allowed to drive school vehicles. The NCK Tech motor vehicles operations request form must be completed before operating a vehicle. In all cases proper conduct in a business-like fashion shall be expected. Instructors in each department will be responsible for monitoring this procedure.

***Student Insurance:***

NCK Tech is not responsible for accidents that occur as a result of student negligence. Students are urged to maintain private health insurance to assure coverage. Additionally, students who live in on-campus housing are encouraged to obtain renter's insurance.

***Immunizations:***

According to the Centers for Disease Control and Prevention, college freshmen, particularly those who live in the dormitories, have a slightly increased risk of contracting some infectious diseases. Immunizations are not required (except for Nursing students) but are recommended by NCK Tech for all students. Immunizations include: Hepatitis-A virus, Hepatitis-B virus, Diphtheria, Measles, Mumps, Rubella and Meningococcal Disease (Meningitis). Immunization to prevent the contraction of tetanus is also recommended for all students. For more information contact the Dean of Student Success, (785) 738-9037.

***Communicable Diseases:***

Whenever an employee or student has been diagnosed by a physician as having an infectious or contagious (communicable) disease, as defined by K.A.R. 28-1-1 and 28-1-2, the employee or student shall report the diagnosis and nature of the disease to the college president so that a proper reporting may be made to the county or joint board of health as may be required by K.S.A. 65-118.

An employee afflicted with a communicable disease shall be suspended from duty for the duration of the contagiousness in order to give maximum health protection to other college employees and to students. Employees with a communicable disease may be eligible for FMLA leave.

The employee shall be allowed to return to duty upon recovery from the illness, or when the employee is no longer contagious as authorized by the employee's physician.

A Student afflicted with a communicable disease shall be excused from classes, will be ineligible to participate in any student activities and will be removed from on-campus housing for the duration of the contagiousness in order to give maximum health protection to other college employees and to students.

In instances where the student may be academically ineligible to complete the program, as deemed by the Dean of Instructional Services or Dean of the Hays campus, the student may be eligible for Student Emergency Leave.

If a student or college employee has been diagnosed as having a communicable disease and the college president has been notified by the employee or student, the college president shall determine whether a release shall be obtained from the employee's or student's physician before the employee or student returns.

Decisions regarding the type of employment or academic setting for an employee or student with a communicable disease shall be made by the college president based upon consideration of the physical condition of the employee or student and the following factors:

- the nature of the risk;
- the duration of the risk;
- the severity of the risk, and
- the probability that the disease will be transmitted or cause harm to the employee or student and to others who will share the same setting.

No information regarding employees or students with communicable diseases shall be released by college personnel without the employee's or student's consent except to comply with state or federal law.

### ***Emergency Notifications:***

A key component of the NCKTC's Crisis Management Plan is the NCK Tech Rave Alert system. This alert system serves as the primary means for which crisis situations will be communicated to faculty, staff, and students who may be on campus and potentially at-risk during a crisis. Therefore it is essential for all faculty, staff, and students to keep their contact information current so they can be notified in the event of an emergency. Students should contact NCK Tech at (785)738-2276 to update information in the RAVE system.

### ***Dismissing College:***
